TO: Persons Interested in Medical Terminology

FROM: Christie Comer, Program Coordinator
Health, Wellness and Public Safety

SUBJECT: Course Announcement

DATE: June 13, 2014

We will offer Medical Terminology in Fall 2014. Medical Terminology is an 8 week, 120 hour online class that will begin on October 20 – December, 12, 2014.

This course introduces the vocabulary, abbreviations, and symbols used in the language of medicine. Emphasis is placed on building medical terms using prefixes, suffixes and word roots structured around the human body systems. Terms from the digestive, urinary, integumentary, and reproductive systems are covered as well as a brief overview of the anatomy and physiology of these systems. Emphasis is on disease, procedural, and diagnostic terms as well as abbreviations. This course is designed for learners interested in pursuing a career or further education in the medical field.

The registration and technology fees for the program are $190. The textbook will be available in the bookstore for approximately $110.00 about a week before the course begins.

To be eligible to register for this class, the following information must be submitted prior to receiving registration information. The enrollment for this class will be on a first come, first served basis. Once filled, a waiting list will be initiated.

- Documentation of High School diploma or GED
- Placement scores for reading or a copy of a college transcript or exemption from Enrollment Services

Students interested in this course should complete the process above and submit documentation to Diane Hedgecock, office 111A in the Public Safety Building on the Davidson Campus. Once those requirements are met, students will be eligible to register for the class.

Please feel free to contact us if you have questions at 336-224-4791 or via e-mail diane_hedgecock@davidsonccc.edu.
