PROFESSIONAL DEVELOPMENT

POLICY 3.1.8

The College recognizes that educational quality is dependent upon the availability of qualified and dedicated employees. The essential responsibility for professional growth and development rests with each individual employee; however, the College expects the involvement of all employees in appropriate professional growth activities.

To promote personal and professional growth, the College provides opportunities for all full-time regular and part-time regular employees to coordinate individual goals with supervisors and develop their own plan for professional development.

The College recognizes that ongoing certification, continuing education, and licensing is necessary for employees in specific programs and services in order to comply with accreditation standards. It is expected that employees will maintain professional credentials as part of their own career development.
