EVALUATIONS

POLICY 3.3.2

I. Employee Development Plans and Evaluations

An employee performance and evaluation process has been established to ensure relevant feedback between faculty and staff and the respective supervisors. This evaluation procedure is designed and intended to offer suggestions for improvement and develop strategies for the attainment of specific goals or the revision of related processes.

All employees will be evaluated at least every two years. Every full-time regular and part-time regular employee will have a pre-evaluation conference with his/her supervisor. An outcome of this conference will be a development plan to evaluate the performance of the employee and to develop strategies for improvement. The Human Resource Services Office will be responsible for coordinating and monitoring the evaluation process and may implement a timeline for the evaluation process.

Development plans and evaluations will be retained in the personnel file.

Supervisors may only use evaluation instruments that have been approved by the Human Resource Services Department. The President may use a different evaluation instrument and procedures when evaluating employees reporting directly to the President; however, these employees shall be evaluated annually.

In addition to the above, all curriculum employees may be evaluated by students through course evaluations.

The President may adopt further procedures implementing this policy.
