POLICY 3.4.4

The illegal use of controlled substances, substances that cause impairment, and abuse of alcohol are harmful to the health, well-being and safety of the College's employees and students. Employees and students who illegally use controlled substances, substances that cause impairment, or who abuse alcohol are less productive, less reliable and prone to greater absenteeism resulting in unnecessary costs, delays, academic failure and safety risks. The College is committed to maintaining a safe workplace and an educational environment free from the influence of illegal controlled substances, substances that cause impairment, and alcohol.

I. PROHIBITED BEHAVIOR

All College employees and students are prohibited from unlawfully possessing, using, being under the influence of, manufacturing, dispensing, selling or distributing alcohol, illegal or unauthorized controlled substances or drug paraphernalia. Using or being under the influence of substances that cause impairment is prohibited for all employees and students.

This Policy does not apply to the use of alcohol in instructional situations (e.g., cooking classes, laboratory experiments) or in conjunction with events which meet the requirements of all state laws (e.g. approved social events). This Policy does not apply to the proper use of lawfully prescribed controlled substances by a licensed health-care provider to the student or employee who is prescribed the controlled substance and using it in the manner in which the healthcare provider prescribed it.
